

Ultrasonic humidifier U650

Ideal indoor air to satisfy all requirement

Comfort and Climate

- Humidifies the air in rooms of up to 60 m²
- Optionally cool or warm (40° C) humidification
- No reduction in room temperature in winter, as the water can be pre-heated to 80° C before entering the nebulizer space
- In summer, the mist keeps the air pleasantly cool
- The powerful demineralization cartridge provides water mist without limescale (no white dust)

Water and hygiene

- The ultrasonic system with the high-frequency vibration destroys most of the microbes present
- The use of the Ionic Silver Sticks (ISS) is recommended for optimum water quality maintenance (available as an optional accessory)
- Pre-heating the water to approx. 80° C also helps to eliminate microbes
- Only use the appliance with untreated and not overly hard water

Energy and output

- Control the humidity by means on the integrated hygostat and output control
- Low energy consumption
- Very quiet operation

Features and benefits

- Removable water tank for easy refills
- Corrosion-resistant membrane surface made from titanium guarantees long service life
- The mist can be distributed in the room in two directions using the double jet nozzle
- Long running time thanks to large water tank
- Water level easily visible thanks to transparent tank
- Easy to use and clean

- Digital version with Dimmer function

LET OP TISA LEVERT ALLEEN NEDERLANDSE APPARATEN MET COMPLETE NEDERLANDSE GARANTIE

!! Dit in tegenstelling tot veel andere shops...

Dus bij Tisa geen parallelimport of andere buitenlandse apparaten (van een zeer bedenkelijke kwaliteit....) gewoon topkwaliteit voor de laagste prijs !

Bestelt u wel de Silverstick nog even mee, die word niet standaard meegeleverd, en de 7533 navulling of het hele patroon 7531 en natuurlijk de Calc Off (om de waterbak te ontkalken) zo heeft u hier later ook geen aparte verzendkosten meer voor.
